

EASA - Part M Review

After much discussion, EASA have now agreed to review the operation of Part M as it affects General Aviation aircraft.

AOPA is calling for ALL Aircraft Owners and Maintainers affected by Part M to respond to this review. It is your chance to get changes made.

EASA require responses by September 16th.

AOPA UK would like to make a single response with information received by 31 August 2011.

Please see www.aopa.co.uk for more information.
